Be on alert to contact your Washington legislators. Want to be a member that can be alerted and could take 2 minutes to call when an important action needs to be taken? Email Executive Director, Meredith Kennedy, at mkennedy@aapca3.org to be added to the Advocacy Alert Contact list.

Join our bimonthly Chapter Advisory Committee meetings. This is a great, informal way to hear from chapter members involved in our ID and school health committees; find out about federal and state legislation that impacts children and pediatricians; hear from our child psychiatry and county health officer colleagues; find out about programs sponsored by our chapter like Reach Out and Read; and meet other San Diego pediatricians. The Chapter Advisory Committee meets every other month on the 4th Thursday at 6:30 PM, usually via Zoom.

Join our Early Career Physicians (ECP) group (any age welcome) as they participate in a variety of community service events. Contact Maya Kumar, MD, AAP-CA3’s Chapter ECP representative @ m8kumar@ucsd.edu.

Join our Infectious Disease committee to hear the experts from AAP-CA3, the community and Rady Children’s discuss ID topics of interest to general pediatricians. The ID Committee meets quarterly on the 4th Monday at 6:30 PM, usually via Zoom. Email Chapter Executive Director, Meredith Kennedy, MPH at mkennedy@aapca3.org for more information.

Check out our programs on the chapter website at: www.aapca3.org.

Join the chapter! First-year for new members is free; annual dues are $160. Our biweekly newsletter, Coastal Currents, is sent electronically to all chapter members.

Attend our chapter CME and networking events.

If you are interested in CA state legislation, follow the AAP-CA list of bills at: https://aap-ca.org/advocacy/
